

A MIDSUMMER NIGHT'S DREAM

Court & Forest

Imagine you're a theatrical designer for A Midsummer Night's Dream.

You are planning how the two different worlds – Theseus's court in Athens and the fairy wood – will contrast on stage.

Check out our concept bank below and choose contrasting qualities that inspire you.

Pick two or three, or come up with your own:

- Light/Dark
- Enclosed/Open
- Colourful/Grey
- Busy/Empty
- Manmade/Natural
- Old fashioned/Modern
- Hard/Soft
- Loud/Quiet

Using these contrasting qualities as a starting point, make two mood boards – one for the wood and one for the forest. These might include photos, drawings, materials or small objects.
