

# STORYTIME SHAKESPEARE

A day with CSSF in your school, delivering workshops with every year group. This unique and comprehensive experience for primary and SEND schools ends with a sharing of the story for parents and carers.

## Pupils will:

- Bring Shakespeare's characters to life through gesture and voice
- Participate in telling the story actively as a group
- Speak Shakespeare's lines
- Recap the story at the end of the day to an invited audience

Each workshop is 30 or 45 minutes and content is differentiated between key stages.

## Outcomes

- Pupils develop collaboration and communication skills, working in small groups and together as a whole class
- Pupils build cultural capital, engaging with Shakespeare's story and text
- Performing to an audience, they end the day with pride in their achievement and increased confidence tackling a challenge
